A transit permit is required for goods transported under customs transit. However, transfer of goods in customs transit from one means of transport to another shall be allowed: *Provided*, That any customs seal or fastening is not broken or tampered.

The party responsible for the compliance of the obligations imposed on customs transit shall ensure that the goods are presented intact and in due course at the customs office of destination. Failure to comply with the aforementioned obligations or likewise failure to follow a prescribed itinerary or period for delivery of the goods may immediately subject the goods to the corresponding duties, taxes and other applicable fines, penalties, and surcharges.

SEC. 601. *Duty and Tax on Goods Intended for Transit.* – Transit goods admitted for storage in a customs bonded warehouse, or for outright exportation at the port of destination or inland customs office, and goods intended for transit covered by Republic Act No. 10668, otherwise known as "An Act Allowing Foreign Vessels to Transport and Co-Load Foreign Cargoes for Domestic Transshipment and for Other Purposes", shall not be subject to the payment of duties and taxes at the port of entry: *Provided*, That any conditions and security required by the Bureau are complied with.

SEC. 604. *Goods Entered for Immediate Reexportation.* – Where an intent of reexportation of the goods is shown by the bill of lading, invoice, manifest, or other satisfactory evidence, the whole or a part of a bill comprising not less than one package may be entered for immediate reexportation under security. Unless it shall appear in the bill of lading, airway bill, invoice, manifest, or other satisfactory evidence, that goods arriving in the Philippines are destined for transshipment, no exportation thereof will be permitted except under entry for immediate reexportation under sufficient security in an amount equal to the ascertained duties, taxes and other charges.

TITLE VII
IMPORT DUTY AND TAX
CHAPTER 1
BASIS OF VALUATION

SEC. 700. *Sequential Application of Valuation Methods.*
– Imported goods shall be valued in accordance with the provisions of Section 701 of this Act whenever the conditions prescribed therein are fulfilled.

Where the customs value cannot be determined under the provisions of Section 701 of this Act, it is to be determined by proceeding sequentially through the succeeding sections hereof to the first such section under which the customs value can be determined. Except as provided in Section 704 of this Act, it is only when the customs value cannot be determined under the provisions of a particular section that the provisions of the next section in the sequence can be used.

If the importer does not request that the order of Sections 704 and 705 of this Act be reversed, the normal order of the sequence is to be followed. If the importer so requests but it is impossible to determine the customs value under Section 705 of this Act, the customs value shall be determined under Section 704.

When the customs value cannot be determined under Sections 701 through 705, it may be determined under Section 706 of this Act.

SEC. 701. *Transaction Value System – Method One.* – The transaction value shall be the price actually paid or payable for the goods when sold for export to the Philippines adjusted in accordance with the provisions of this section: *Provided, That:*

(a) There are no restrictions as to the disposition or use of the goods by the buyer other than restrictions which:

(i) Are imposed or required by law or by Philippine authorities;

(ii) Limit the geographical area in which the goods may be resold; or

(iii) Do not substantially affect the value of the goods;

(b) The sale or price is not subject to some condition or consideration for which a value cannot be determined with respect to the goods being valued; and

(c) The buyer and the seller are not related, or where the buyer and the seller are related, that the transaction value is acceptable for customs purposes under the provisions hereof.

For purposes of this Act, persons shall be deemed related only if:

(i) They are officers or directors of one another's business;

(ii) They are legally recognized partners in business;

(iii) There exists an employer-employee relationship between them;

(iv) Any person directly or indirectly owns, controls or holds five percent (5%) or more of the outstanding voting stocks or shares of both seller and buyer;

(v) One of them directly or indirectly controls the other;

(vi) Both of them are directly or indirectly controlled by a third person;

(vii) Together they directly or indirectly control a third person; or

(viii) They are members of the same family, including those related by affinity or consanguinity up to the fourth civil degree.

Persons who are associated in business with one another in that one is the sole agent, sole distributor or sole concessionaire, however described, of the other shall be deemed to be related for the purposes of this Act if they fall within any of the eight (8) cases cited in the preceding paragraph.

In a sale between related persons, the transaction value shall be accepted as basis for customs valuation whenever the importer demonstrates that such value closely approximates one of the following occurring at or about the same time:

(a) The transaction value in sales to unrelated buyers of identical or similar goods for export to the same country of importation;

(b) The customs value of identical or similar goods as determined under the provisions of Section 704 of this Act; or

(c) The customs value of identical or similar goods are determined under the provisions of Section 705 of this Act.

In determining the transaction value, the following shall be added to the price actually paid or payable for the imported goods:

(1) To the extent that they are incurred by the buyer but are not included in the price actually paid or payable for the imported goods:

(a) Commissions and brokerage fees except buying commissions;

(b) Cost of containers;

(c) Cost of packing, whether for labor or materials;

(d) Value, apportioned as appropriate, of the following goods and services: materials, components, parts and similar items incorporated in the imported goods; tools; dies; moulds and similar

items used in the production of imported goods; materials consumed in the production of the imported goods; and engineering, development, artwork, design work and plans and sketches undertaken elsewhere than in the Philippines and necessary for the production of imported goods, where such goods and services are supplied directly or indirectly by the buyer free of charge or at a reduced cost for use in connection with the production and sale for export of the imported goods; and

(e) Amount of royalties and license fees related to the goods being valued that the buyer must pay either directly or indirectly, as a condition of sale of the goods to the buyer.

(2) Value of any part of the proceeds of any subsequent resale, disposal or use of the imported goods that accrues directly or indirectly to the seller;

(3) Cost of transport of the imported goods from the port of exportation to the port of entry in the Philippines;

(4) Loading, unloading and handling charges associated with the transport of the imported goods from the country of exportation to the port of entry in the Philippines; and

(5) Cost of insurance.

All additions to the price actually paid or payable shall be made only on the basis of objective and quantifiable data.

SEC. 702. *Transaction Value of Identical Goods – Method Two.* – Where the dutiable value cannot be determined under method one, the dutiable value shall be the transaction value of identical goods sold for export to the Philippines and exported at or about the same time as the goods being valued. For purposes of this section, "Identical goods" refer to goods which are the same in all respects, including physical characteristics, quality and reputation. Minor differences in appearances shall not preclude goods otherwise conforming to the definition from being regarded as identical.

If, in applying this section, more than one transaction value of identical goods are found, the lowest value shall be used to determine the customs value.

SEC. 703. *Transaction Value of Similar Goods – Method Three.* – Where the dutiable value cannot be determined under the preceding method, the dutiable value shall be the transaction value of similar goods sold for export to the Philippines and exported at or about the same time as the goods being valued. For purposes of this section, "Similar goods" refer to goods which, although not alike in all respects, have like characteristics and similar component materials which enable them to perform the same functions and to be commercially interchangeable. The quality of the goods, its reputation and the existence of a trademark shall be among the factors to be considered in determining whether goods are similar.

If, in applying this section, more than one transaction value of identical goods are found, the lowest such value shall be used to determine the customs value.

SEC. 704. *Deductive Value – Method Four.* – Where the dutiable value cannot be determined under the preceding method, the dutiable value shall be the deductive value unless otherwise requested by the importer as provided in Section 700 hereof. The deductive value which shall be based on the unit price at which the imported goods or identical or similar imported goods are sold in the Philippines, in the same condition as when imported, in the greatest aggregate quantity, at or about the time of the importation of the goods being valued, to persons not related to the persons from whom they buy such goods, subject to deductions for the following:

(1) Either the commissions usually paid or agreed to be paid or the additions usually made for profit and general expenses in connection with sales in such country of imported goods of the same class or kind;

(2) The usual costs of transport and insurance and associated costs incurred within the Philippines;

(3) Where appropriate, the costs of: (i) transport of the imported goods from the port of exportation to the port of entry in the Philippines; (ii) loading, unloading and handling charges associated with the transport of the imported goods from the country of exportation to the port of entry in the Philippines; and (iii) insurance; and

(4) The customs duties and other national taxes payable in the Philippines by reason of the importation or sale of the goods.

If neither the imported goods nor identical nor similar imported goods are sold at or about the time of importation of the goods being valued in the Philippines in the conditions they were imported, the customs value shall, subject to the conditions set forth in the preceding paragraph, be based on the unit price at which the imported goods or identical or similar imported goods sold in the Philippines in the condition they were imported and at the earliest date after the importation of the goods being valued, but before the expiration of ninety (90) days after such importation.

If neither the imported goods nor identical nor similar imported goods are sold in the Philippines in the condition as imported, then, if the importer so requests, the dutiable value shall be based on the unit price at which the imported goods, after further processing, are sold in the greatest aggregate quantity to persons in the Philippines who are not related to the persons from whom they buy such goods, subject to allowance for the value added by such processing and deductions provided under subsections (1), (2), (3) and (4) hereof.

SEC. 705. *Computed Value – Method Five.* – Where the dutiable value cannot be determined under the preceding method, the dutiable value shall be the computed value of the sum of:

(1) The cost or the value of materials and fabrication or other processing employed in producing the imported goods;

(2) The amount for profit and general expenses equal to that usually reflected in the sale of goods of the same class or

kind as the goods being valued which are made by producers in the country of exportation for export to the Philippines;

(3) The freight, insurance fees and other transportation expenses for the importation of the goods;

(4) Any assist, if its value is not included under paragraph (1) hereof; and

(5) The cost of containers and packing, if their values are not included under paragraph (1) hereof.

The Bureau shall not require or compel any person not residing in the Philippines to produce for examination, or to allow access to, any account or other record for the purpose of determining a computed value. However, information supplied by the producer of the goods for the purposes of determining the customs value may be verified in another country with the agreement of the producer and provided that said producer will give sufficient advance notice to the government of the country in question and that the latter does not object to the investigation.

SEC. 706. Fallback Value – Method Six. – If the dutiable value cannot be determined under the preceding methods described above, it shall be determined by using other reasonable means and on the basis of data available in the Philippines. If the importer so requests, the importer shall be informed in writing of the dutiable value determined under method six and the method used to determine such value.

No dutiable value shall be determined under method six on the basis of:

(1) The selling price in the Philippines of goods produced in the Philippines;

(2) A system that provides for the acceptance for customs purposes of the higher of two (2) alternative values;

(3) The price of goods in the domestic market of the country of exportation;

(4) The cost of production, other than computed values, that have been determined for identical or similar goods in accordance with method five hereof;

(5) The price of goods for export to a country other than the Philippines;

(6) Minimum customs values; or

(7) Arbitrary or fictitious values.

SEC. 707. Ascertainment of the Accuracy of the Declared Value. – Nothing in this section shall be construed as restricting or calling into question the right of the Bureau to ascertain the truth or accuracy of any statement, document or declaration presented for customs valuation purposes. When a declaration has been presented and when the Bureau has reason to doubt the truth or accuracy of the particulars or of documents produced in support of such declaration, it may ask the importer to provide further explanation, including documents or other evidence, that the declared value represents the total amount actually paid or payable for the imported goods, adjusted in accordance with the provisions of Section 701 of this Act.

If in the course of determining the dutiable value of imported goods, it becomes necessary to delay the final determination of such dutiable value, the importer shall nevertheless be able to secure the release of the imported goods upon posting of a sufficient security in an amount equivalent to the duties and taxes in dispute conditioned on the payment of additional duties and taxes, if any, as may be determined: *Provided*, That prohibited goods shall not be released under any circumstance.

If, after receiving further information, or in the absence of a response, the Bureau still has reasonable doubts on the truth or accuracy of the declared value, it may deem that the customs value of the imported goods cannot be determined under method

one, without prejudice to an importer's right to appeal pursuant to Section 1104 of this Act. Before taking a final decision, the District Collector shall communicate to the importer, in writing if requested, the grounds for doubting the truth or accuracy of the particulars or documents produced and give the importer a reasonable opportunity to respond. When a final decision is made, the Bureau shall communicate its decision and the grounds therefor in writing.

SEC. 708. *Exchange Rate.* – For the assessment and collection of import duty upon imported goods and for other purposes, the value and prices thereof quoted in foreign currency shall be converted into the currency of the Philippines at the current rate of exchange or value specified or published, from time to time, by the Bangko Sentral ng Pilipinas (BSP).

CHAPTER 2

SEC. 709. *Government's Right of Compulsory Acquisition.* – In order to protect government revenues against undervaluation of goods, the Commissioner may, *motu proprio* or upon the recommendation of the District Collector, acquire imported goods under question for a price equal to their declared customs value plus any duties already paid on the goods, payment for which shall be made within ten (10) working days from issuance of a warrant signed by the Commissioner for the acquisition of such goods.

An importer who is dissatisfied with a decision of the Commissioner pertaining to this section may, within twenty (20) working days after the date on which notice of the decision is given, appeal to the Secretary of Finance, and thereafter if still dissatisfied, to the CTA as provided for in Section 1136 of this Act.

Where no appeal is made by the importer, or upon reaffirmation of the Commissioner's decision during the appeals

process, the Bureau or its agents shall sell the acquired goods pursuant to existing laws and regulations.

Nothing in this section limits or affects any other powers of the Bureau with respect to the disposition of the goods or any liability of the importer or any other person with respect to an offense committed in the importation of the goods.

SEC. 710. *Marking of Imported Goods and Containers.* – (A) Marking of Goods. – Except as hereinafter provided, all goods of foreign origin imported into the Philippines or their containers, as provided in subsection (B) hereof shall be conspicuously marked in any official language of the Philippines as legibly, indelibly and permanently as the nature of the goods or container will permit and in such manner as to indicate to an ultimate purchaser in the Philippines the name of the country of origin of the goods. Pursuant thereto, the Commissioner shall, with the approval of the Secretary of Finance:

- (1) Determine the character of words and phrases or abbreviation thereof which shall be acceptable as indicating the country of origin and prescribe any reasonable method of marking, whether by printing, stenciling, stamping, branding, labeling or by any other reasonable method, and in a conspicuous place on the goods or container where the marking shall appear;

(ix) Such goods were produced more than twenty (20) years prior to their importation into the Philippines; or

(x) Such goods cannot be marked after importation except at an expense which is economically prohibitive, and the failure to mark the goods before importation was not due to any purpose of the importer, producer, seller or shipper to avoid compliance with this section.

(B) Marking of Containers. – Whenever goods are exempt under paragraph (3) of subsection (A) of this section from the requirements of marking, the immediate container, if any, of such goods, or such other container or containers of such goods, shall be marked in such manner as to indicate to an ultimate purchaser in the Philippines the name of the country of origin of such goods in any official language of the Philippines, subject to

(D) Release Withheld Until Marked. – No imported goods held in customs custody for inspection, examination, or assessment shall be released until such goods or their containers shall have been marked in accordance with the requirements of this section and until the amount of duty estimated to be payable under subsection (C) of this section shall have been deposited.

(E) The failure or refusal of the owner or importer to mark the goods as herein required within a period of thirty (30) days after due notice shall constitute as an act of abandonment of said goods and their disposition shall be governed by the provisions of this Act relative to abandonment of imported goods.

REFUND AND ABATEMENT

SEC. 903. *Refund of Duties and Taxes.* – Refund shall be granted where it is established that duties and taxes have been overcharged as a result of an error in the assessment or goods declaration.

Where permission is given by the Bureau for goods originally declared for a customs procedure with payment of duties and taxes to be placed under another customs procedure, a refund shall be made of any duties and taxes charged in excess of the amount due under the new procedure, subject to such regulation issued for the purpose.

A refund shall not be granted if the amount of duties and taxes involved is less than five thousand pesos (P5,000.00): *Provided*, That the Secretary of Finance, in consultation with the Commissioner, may adjust the minimum amount specified in this Act, taking into account the CPI as published by the PSA.

SEC. 904. *Abatement of Duties and Taxes.* – When goods have not yet been released for consumption or have been placed under another customs procedure, provided that no other offense or violation has been committed, the declarant shall neither be required to pay the duties and taxes nor be entitled to refund thereof in any of the following cases:

(a) When, at the request of the declarant, the goods are abandoned, or as determined by the Bureau, the goods are destroyed or rendered commercially valueless while under customs control. Any cost herein incurred shall be borne by the declarant;

(b) When goods are destroyed or irrecoverably lost by accident or *force majeure*, the remaining waste or scrap after destruction, if taken into consumption, shall be subject to the duties and taxes that would be applicable on such waste or scrap if imported in same state; and

(c) When there are shortages due to the nature of the goods.

SEC. 905. *Abatement for Damage Incurred During Voyage.* – Except as otherwise provided, no abatement of duties shall be made on account of damage incurred or deterioration suffered during the voyage of importation; and duties will be assessed on the actual quantity imported as determined by the customs officers concerned.

SEC. 906. *Abatement or Refund of Duty on Missing Package.* – When any package appearing on the manifest or bill of lading or airway bill is missing, an abatement or refund of the duty shall be made if it is certified by the importer or consignee, under pain of penalty for falsification or perjury, and upon production of proof satisfactory to the Collector concerned, that the package in question has not been unlawfully imported into the Philippines.

SEC. 907. *Abatement or Refund for Deficiency in Contents of Packages.* – If, upon opening of any package, a deficiency in the quantity of the goods is found to exist based upon the invoice, such deficiency shall be certified, under pain of penalty for falsification or perjury, by the customs officers concerned and upon the production of proof showing that the shortage occurred before the arrival of the goods in the Philippines. Upon sufficient proof thereof, the proper abatement or refund of the duty shall be made.

SEC. 908. *Abatement or Refund of Duties on Goods Lost or Destroyed After Arrival.* – The Bureau may abate or refund the amount of duties accruing or paid on any goods that have been lost due to injury, theft, destruction through fire or through any other causes, upon satisfactory proof of the same, under any of the following circumstances:

- (a) While within the territory of any port of entry, prior to unloading under the Bureau's supervision;
- (b) While remaining in customs custody after unloading;
- (c) While in transit from the port of entry to any port in the Philippines; and
- (d) While released under sufficient security for export except in case of loss by theft.

SEC. 909. *Abatement and Refund of Defective Goods.*

– Under conditions to be set by the Commissioner, and with the approval of the Secretary of Finance, an abatement and refund shall be granted on imported or exported goods which are found defective or otherwise not in accordance with the agreed specifications at the time of importation or exportation and are returned either to the supplier or to another person designated by the supplier, subject to the following conditions:

- (a) The goods have not been worked, repaired, or used in the country of importation, and are reexported within a reasonable time; and
- (b) The goods have not been worked, repaired, or used in the country to which they were exported, and are reimported within a reasonable time.

Use of the goods shall, however, not hinder the refund if such use was indispensable to discover the defects or other circumstances which caused the reexportation or reimportation of the goods.

As an alternative to reexportation or reimportation, the goods may be expressly abandoned or destroyed or rendered commercially valueless under customs control as the Bureau may decide. In such case, the importer shall not be entitled to an abatement or a refund if it does not defray the costs of such abandonment, destruction, or rendition.

SEC. 910. *Abatement of Duty on Dead or Injured Animals.*

– Where it is certified, under pain of penalty for falsification or perjury, and upon production of proof satisfactory to the Bureau that an animal subject of importation dies or suffers injury before arrival, or while in customs custody, the duty due thereon shall be abated provided that its carcass on board or in customs custody is removed in the manner required by the Bureau and at the expense of the importer.

SEC. 911. *Investigation Required in Case of Abatements and Refunds.* – The Customs Officer concerned shall, in all cases of abatement or refund of duties, submit an examination report as to any fact discovered which indicates any discrepancy and cause the corresponding adjustment on the goods declaration.

SEC. 912. *Refund Arising from Correction of Errors.*

– Manifest clerical errors made on an invoice or entry, errors in return of weight, measure and gauge, when duly certified under penalties of falsification or perjury by the surveyor or examining officer when there are such officers at the port, and errors in the distribution of charges on invoices not involving any question of law and certified under penalties of falsification or perjury by the examining customs officer, may be corrected in the computation of duties, if such errors are discovered before the payments of duties, or if discovered within one (1) year after release from customs custody of imported goods upon written request and notice of error from the importer, or upon statement of error certified by the District Collector.

For the purpose of correcting errors specified in the next preceding paragraph, the Bureau is authorized to make refunds within the statutory time limit.

SEC. 913. *Claims for Refund.* – All claims and application for refund of duties and taxes shall be made in writing and filed with the Bureau within twelve (12) months from the date of payment of duties and taxes.

If, as a result of the refund of duties, a corresponding refund of internal revenue taxes on the same importation becomes due, the Bureau shall cause the refund of internal revenue taxes in

favor of the importer after issuance of a certification from the Commissioner of Internal Revenue, when applicable.

The importer may file an appeal of a denial of a claim for refund or abatement, whether it is a full or partial denial, with the Commissioner within thirty (30) days from the date of the receipt of the denial. The Commissioner shall render a decision within thirty (30) days from the receipt of all the necessary documents supporting the application. Within thirty (30) days from receipt of the decision of the Commissioner, the case may also be appealed to the CTA.

Notwithstanding the provisions in the preceding paragraphs, the filing of claims for refund of national internal revenue taxes shall be governed by the provisions provided under the NIRC of 1997, as amended.

TITLE X

POST CLEARANCE AUDIT

SEC. 1000. *Audit and Examination of Records.* – Within three (3) years from the date of final payment of duties and taxes or customs clearance, as the case may be, the Bureau may conduct an audit examination, inspection, verification, and investigation of records pertaining to any goods declaration, which shall include statements, declarations, documents, and electronically generated or machine readable data, for the purpose of ascertaining the correctness of the goods declaration and determining the liability of the importer for duties, taxes and other charges, including any fine or penalty, to ensure compliance with this Act.

SEC. 1001. *Scope of the Audit.* – The audit of importers shall be conducted when firms are selected by a computer-aided risk management system, the parameters of which are to be based on objective and quantifiable data, subject to the approval of the Secretary of Finance upon recommendation of the Commissioner. The criteria for selecting firms to be audited shall include:

- (a) Relative magnitude of customs revenue to be generated from the firm;
- (b) The rates of duties of the firm's imports;
- (c) The compliance track records of the firm; and
- (d) An assessment of the risk to revenue of the firm's import activities.

SEC. 1002. *Access to Records.* – Any authorized officer of the Bureau shall be given by the importer and customs broker full and free access to the premises where the records are kept, to conduct audit examination, inspection, verification, and investigation of those records relevant to such investigation or inquiry.

A copy of any document certified by or on behalf of the importer is admissible in evidence in all courts as if it were the original copy.

A customs officer is not entitled to enter the premises under this section unless, before so doing, the officer produces to the person occupying or apparently in charge of the premises written evidence of the fact of being duly authorized. The person occupying or apparently in charge of the premises entered by an officer shall provide the officer with all reasonable facilities and assistance for the effective exercise of the officer's authority under this section.

Unless otherwise provided herein or in other provisions of law, the Bureau may, in case of disobedience, invoke the aid of the proper regional trial court within whose jurisdiction the matter falls. The court may punish contumacy or refusal as contempt. In addition, the fact that the importer or customs broker denies the authorized customs officer full and free access to importation records during the conduct of a post clearance audit shall create a presumption of inaccuracy in the transaction value declared for their imported goods and constitute grounds for the Bureau to conduct a reassessment of such goods.

In addition, the imposition of the appropriate criminal sanctions provided under this Act and other administrative sanctions may be concurrently invoked against contumacious importers, including the suspension of the delivery or release of their imported goods.

SEC. 1003. *Requirement to Keep Records.* – (a) All importers are required to keep at their principal place of business, in the manner prescribed by regulations to be issued by the Commissioner and for a period of three (3) years from the date of final payment of duties and taxes or customs clearance, as the case may be, all records pertaining to the ordinary course of business and to any activity or information contained in the records required by this title in connection with any such activity.

For purposes of the post clearance audit and Section 1005 of this Act, the term importer shall include the following:

(1) Importer-of-record or consignee, owner or declarant, or a party who:

(i) Imports goods into the Philippines or withdraws such goods into the Philippine customs territory for consumption or warehousing; files a claim for refund or drawback; or transports or stores such goods carried or held under security; or

(ii) Knowingly causes the importation or transportation or storage of imported goods referred to above, or the filing of refund or drawback claim.

(2) An agent of any party described in paragraph (1); or

(3) A person whose activities require the filing of a goods declaration.

A person ordering imported goods from a local importer or supplier in a domestic transaction shall be exempted from the requirements imposed by this section unless:

(1) The terms and conditions of the importation are controlled by the person placing the order; or

(2) The circumstances and nature of the relationship between the person placing the order and the importer or supplier are such that the former may be considered as the beneficial or true owner of the imported goods; or

(3) The person placing the order had prior knowledge that they will be used in the manufacture or production of the imported goods.

(b) All parties engaged in customs clearance and processing are required to keep at their principal place of business, in the manner prescribed by regulations to be issued by the Commissioner and for a period of three (3) years from the date of filing of the goods declaration, copies of the abovementioned records covering the transactions handled.

(c) Locators or persons authorized to bring imported goods into free zones, such as the special economic zones and free ports, are required to keep subject-records of all its activities, including in whole or in part, records on imported goods withdrawn from said zones into the customs territory for a period of three (3) years from the date of filing of the goods declaration.

Failure to keep the records required by this Act shall constitute a waiver of this right to contest the results of the audit based on records kept by the Bureau.

SEC. 1004. *Power of the Commissioner to Obtain Information and Issue Summons.* – For the effective implementation of the post clearance audit functions of the Bureau, the Commissioner is hereby authorized to:

(a) Obtain on a regular basis from any person, in addition to the person who is the subject of a post clearance audit or investigation, or from any office or officer of the national and local governments, government agencies and instrumentalities, including the BSP and GOCCs, any information such as costs

and volume of production, receipts or sales and gross income of taxpayers, and the names, addresses, and financial statements of corporations, regional operating headquarters of multinational companies, joint accounts, associations, joint ventures or consortia and registered partnerships, and their members, whose business operations or activities are directly or indirectly involved in the importation or exportation of imported goods or products manufactured from imported component materials;

(b) Summon the person liable for duties and taxes or required to file goods declaration, or any officer or employee of such person, or any person having possession, custody, or care of the books of accounts and other accounting records containing entries relating to the business of the person liable for duties and taxes, or any other person, to appear before the Commissioner or the duly authorized representative at a time and place specified in the summons and to produce such books, papers, records, or other data, and to give testimony;

(c) Take such testimony of the person concerned, under oath, as may be relevant or material to such inquiry; or

(d) Obtain information from banks or other financial institutions on commercial documents and records pertaining specifically to payments relevant to import transaction.

The provisions of the foregoing paragraphs notwithstanding, nothing in this section shall be construed as granting the Commissioner the authority to inquire into bank deposits of persons or entities mentioned in this Title.

SEC. 1005. *Failure to Pay Correct Duties and Taxes on Imported Goods.* – Any person who, after being subjected to post clearance audit and examination as provided in Section 1000 of this Act, is found to have incurred deficiencies in duties and taxes paid for imported goods, shall be penalized according to two (2) degrees of culpability subject to any mitigating, aggravating, or extraordinary factors that are clearly established by available evidence as described hereunder:

(a) *Negligence.* – When a deficiency results from an offender's failure, through an act or acts of omission or commission, to exercise reasonable care and competence in ensuring that a statement made is correct, the offender shall be charged for committing negligence, and, if found guilty shall be penalized with a fine equivalent to one hundred twenty-five percent (125%) of the revenue loss: *Provided,* That subject to Section 108 of this Act, no substantial penalty shall be imposed on an inadvertent error amounting to simple negligence, as defined by rules promulgated by the Secretary of Finance, upon recommendation of the Commissioner;

(b) *Fraud.* – When the material false statement or act in connection with the transaction was committed or omitted knowingly, voluntarily and intentionally, as established by clear and convincing evidence, the offender who is charged for committing fraud and is found guilty thereof, shall be penalized with a fine equivalent to six (6) times of the revenue loss and/or imprisonment of not less than two (2) years, but not more than eight (8) years.

The decision of the Commissioner, upon proper hearing, to impose penalties as prescribed in this section may be appealed in accordance with Section 1104 of this Act.

SEC. 1006. *Records to be Kept by the Bureau.* – The Bureau shall keep a database of importer and broker profiles which shall include a record of audit results and the following information and papers:

(a) Articles of Incorporation;

(b) The company structure, which shall include, but not limited to, incorporators and board of directors, key officers, and organizational structure;

(c) Key importations;

(d) Privileges enjoyed;

- (e) Penalties; and
- (f) Risk categories.

The Bureau shall furnish the BIR and the DOF a copy of the final audit results within thirty (30) days from the issuance thereof.

SEC. 1100. *Classification Ruling.* – An importer or exporter may file a written application for an advance ruling on the tariff classification of goods with the Commission. The Commission shall render a ruling within thirty (30) days from receipt of a properly documented application.

When a declared tariff classification of goods, not subject of a pending application for advance ruling, is in dispute, the importer, exporter, or the Bureau shall submit the matter to the Commission for a ruling, without prejudice to the application of Section 1106 of this Act on "protest": *Provided*, That such rulings of the Commission on commodity classification shall be binding upon the Bureau, unless the Secretary of Finance shall rule otherwise.

SEC. 1101. *Valuation Ruling.* – An importer or exporter may file a written application for an advance valuation ruling on the proper application of a specific method on customs valuation of specific goods as prescribed in Title VII, Chapter 1 of this Act.

The application for a valuation ruling shall be filed with the Commissioner who shall issue a ruling within thirty (30) days from submission of the application form and supporting documents as may be required by rules and regulations.

When the valuation method of goods not subject of an application for advance valuation ruling or the declared customs value is in dispute, the matter shall be resolved in accordance with Section 1106 of this Act on "protest".

SEC. 1102. *Ruling on the Rules of Origin.* – An importer or exporter may file a written application for a ruling on whether the goods qualify as originating under the rules of origin of the applicable preferential trade agreement. The application for an advance ruling on origin shall be filed with the Commissioner who shall act on the application within thirty (30) days from receipt of the application and supporting documents as may be required by rules and regulations.

When the declared origin of the goods, not subject of a request for advance ruling on origin, is in dispute, the matter shall be resolved in accordance with Section 1106 of this Act on "protest".

SEC. 1103. *Conditions for Application and Effect of Advance Ruling.* – An application for an advance ruling shall cover only one (1) product or item. The application for advance ruling shall be filed at least ninety (90) days before the importation or exportation of the product or item, as the case may be.

SEC. 1104. *Administrative and Judicial Appeals.* – An aggrieved party may, within thirty (30) days from receipt of an adverse ruling or decision, appeal the same to the CTA without prejudice to the authority of the Secretary of Finance to review decisions adverse to the government in accordance with Sections 1127 and 1128 of this Act, as the case may be.

SEC. 1105. *Implementing Rules and Regulations.* – The Secretary of Finance, upon the recommendation of the Bureau and the Commission, shall promulgate rules and regulations to implement the preceding provisions on advance ruling.

CHAPTER 2

PROTEST

SEC. 1106. *Protest.* — When a ruling or decision of the District Collector or customs officer involving goods with valuation, rules of origin, and other customs issues is made, except the fixing of fines in seizure cases, the party adversely affected may appeal by way of protest against such ruling or decision by presenting to the Commissioner at the time when payment of the amount claimed to be due the government is made, or within fifteen (15) days thereafter, a written protest setting forth the objection to the ruling or decision in question and the reasons therefore.

Subject to the approval of the Secretary of Finance, the Commissioner shall provide such rules and regulations as to the requirement for payment or nonpayment of the disputed amount and in case of nonpayment, the release of the importation under protest upon posting of sufficient security.

SEC. 1107. *Protest Exclusive Remedy in Protestable Case.* — In all cases subject to protest, the interested party who desires to have the action of the District Collector reviewed, shall file a protest as provided in Section 1106 of this Act, otherwise the action of the District Collector shall be final and conclusive.

SEC. 1108. *Form and Scope of Protest.* — A protest shall be filed in accordance with the prescribed rules and regulations promulgated under this section. It shall specify the particular decision or ruling of the District Collector for which protest is being made, and shall indicate the particular ground or grounds upon which the protesting party bases the claim for relief. The scope of a protest shall be limited to the particular goods subject of a goods declaration, but any number of issues may be raised in a protest with reference to the goods declaration constituting the subject matter of the protest.

SEC. 1109. *Samples to be Furnished by Protesting Parties.* — If the nature of the goods permit, importers filing protests involving questions of fact must, upon demand, present

to the Commissioner samples of the goods which are the subject matter of the protest. The samples of the goods shall be verified by the customs officer who made the classification against which the protests are filed.

SEC. 1110. *Decision in Protest.* — When a protest is filed in proper form, the Commissioner shall render a decision within thirty (30) days from receipt of the protest. In case the protest is sustained, in whole or in part, the appropriate order shall be made, and the entry reassessed, if necessary.

CHAPTER 3

ALERT ORDERS

SEC. 1111. *Alert Orders.* — Alert orders are written orders issued by customs officers as authorized by the Commissioner on the basis of derogatory information regarding possible noncompliance with this Act. An alert order will result in the suspension of the processing of the goods declaration and the conduct of physical or nonintrusive inspection of the goods within forty-eight (48) hours from issuance of the order. Within forty-eight (48) hours or, in the case of perishable goods, within twenty-four (24) hours from inspection, the alerting officer shall recommend the continuance of processing of goods in case of a negative finding, or issuance of a warrant of seizure and detention if a discrepancy between the declaration and actual goods is found. The Bureau's information system shall immediately reflect the imposition or lifting of an alert order.

Derogatory information shall indicate the violations and other necessary specifics thereof. For this purpose, the following shall not be considered derogatory information:

(a) General allegations of undervaluation;

(b) General allegations of misclassification without providing the appropriate tariff heading and duty of the shipment to be alerted;

(c) General allegations of over-quantity without indicating the source of information supporting the allegation;

(d) General allegations of misdeclaration in the entry without indicating the suspected actual contents thereof; and

(e) General allegations of importations contrary to law without indicating the specific law or rule to be violated.

No alert order shall be issued on account of allegations of undervaluation unless said undervaluation is caused by the submission to customs of forged or spurious invoice or other commercial documents.

An alert order may be issued only after lodgement of the goods declaration and prior to the release of goods from customs custody. Under no circumstances shall the suspension of the processing of goods declaration be allowed except through an alert order issued by an authorized customs officer.

The costs of the physical inspection shall be borne by the Bureau: *Provided*, That such cost shall be reimbursed by the owner prior to the release of the goods if the physical inspection results in the assessment of additional duties or taxes or the issuance of a warrant of seizure.

The Commissioner shall be notified of the recommendation by the alerting officer within twenty-four (24) hours from the issuance of the alert order. Alert orders shall be dated and assigned a unique reference number in series which shall be the basis for reporting to and monitoring by the Commissioner and the Secretary of Finance.

The Bureau shall create a central clearing house for alert orders and shall submit reports quarterly on the status thereof.

SEC. 1112. *Alert Orders on Perishable Goods.* – When the subject of the alert order are perishable goods, the Bureau shall attach to the recommendation a certificate stating that the goods are perishable.

CHAPTER 4

SEIZURE AND FORFEITURE

SEC. 1113. *Property Subject to Seizure and Forfeiture.* – Property that shall be subject to seizure and forfeiture include:

(a) Any vehicle, vessel or aircraft, including cargo, which shall be used unlawfully in the importation or exportation of goods or in conveying or transporting smuggled goods in commercial quantities into or from any Philippine port or place. The mere carrying or holding on board of smuggled goods in commercial quantities shall subject such vehicle, vessel, aircraft, or any other craft to forfeiture: *Provided*, That the vehicle, vessel, aircraft or any other craft is not used as a common carrier which has been chartered or leased for purposes of conveying or transporting persons or cargo;

(b) Any vessel engaging in the coastwise trade which shall have on board goods of foreign growth, produce, or manufacture in excess of the amount necessary for sea stores, without such goods having been properly entered or legally imported;

(c) Any vessel or aircraft into which shall be transferred cargo unloaded contrary to law prior to the arrival of the importing vessel or aircraft at the port of destination;

(d) Any part of the cargo, stores, or supplies of a vessel or aircraft arriving from a foreign port which is unloaded before arrival at the vessel's or aircraft's port of destination and without authority from the customs officer; but such cargo, ship, or aircraft stores and supplies shall not be forfeited if such unloading was due to accident, stress of weather, or other necessity and is subsequently approved by the District Collector;

(e) Goods which are fraudulently concealed in or removed contrary to law from any public or private warehouse, container yard, or container freight station under customs supervision;

(f) Goods, the importation or exportation of which are effected or attempted contrary to law, or any goods of prohibited importation or exportation, and all other goods which, in the opinion of the District Collector, have been used, are or were entered to be used as instruments in the importation or the exportation of the former;

(g) Unmanifested goods found on any vessel or aircraft if manifest therefor is required;

(h) Sea stores or aircraft stores adjudged by the District Collector to be excessive, when the duties and taxes assessed by the District Collector thereon are not paid or secured forthwith upon assessment of the same;

(i) Any package of imported goods which is found upon examination to contain goods not specified in the invoice or goods declaration including all other packages purportedly containing imported goods similar to those declared in the invoice or goods declaration to be the contents of the misdeclared package;

(j) Boxes, cases, trunks, envelopes, and other containers of whatever character used as receptacle or as device to conceal goods which are subject to forfeiture under this Act or which are so designed as to conceal the character of such goods;

(k) Any conveyance actually used for the transport of goods subject to forfeiture under this Act, with its equipage or trappings, and any vehicle similarly used, together with its equipment and appurtenances. The mere conveyance of smuggled goods by such transport vehicle shall be sufficient cause for the outright seizure and confiscation of such transport vehicle but the forfeiture shall not be effected if it is established that the owner of the means of conveyance used as aforesaid, is engaged as common carrier and not chartered or leased, or that the agent in charge thereof at the time, has no knowledge of the unlawful act; and

(l) Goods sought to be imported or exported:

(1) Without going through a customs office, whether the act was consummated, frustrated, or attempted;

(2) Found in the baggage of a person arriving from abroad and undeclared by such person;

(3) Through a false declaration or affidavit executed by the owner, importer, exporter, or consignee concerning the importation of such goods;

(4) On the strength of a false invoice or other document executed by the owner, importer, exporter, or consignee concerning the importation or exportation of such goods; or

(5) Through any other practice or device contrary to law by means of which such goods entered through a customs office to the prejudice of the government.

SEC. 1114. *Properties not Subject to Forfeiture in the Absence of Prima Facie Evidence.* – The forfeiture of the vehicle, vessel, or aircraft shall not be effected if it is established that the owner thereof or the agent in charge of the means of conveyance used as aforesaid has no knowledge of or participation in the unlawful act: *Provided*, That a *prima facie* presumption shall exist against the vehicle, vessel, or aircraft under any of the following circumstances:

(a) If the conveyance has been used for smuggling before;

(b) If the owner is not in the business for which the conveyance is generally used; and

(c) If the owner is not financially in a position to own such conveyance.

SEC. 1115. *Conditions Affecting Forfeiture of Goods.* – The forfeiture shall be effected only when and while the goods are in the custody or within the jurisdiction of customs officers, or in the possession or custody of or subject to the control of the importer, exporter, original owner, consignee, agent of another

person effecting the importation, entry or exportation in question, or in the possession or custody of or subject to the control of persons who shall receive, conceal, buy, sell, or transport the same, or aid in any of such acts, with knowledge that the goods were imported, or were the subject of an attempt at importation or exportation contrary to law.

SEC. 1116. *Seizure or Release of Goods.* – The District Collector shall issue an order of release or a warrant of seizure within five (5) days, or two (2) days in case of perishable goods, upon the recommendation of the alerting officer or any other customs officer. The District Collector shall immediately make a report of such seizure or release to the Commissioner.

SEC. 1117. *Warrant of Seizure or Order of Release.* – The District Collector shall have the authority to issue a warrant of seizure of the goods upon determination of the existence of probable cause and in case of nonexistence thereof, the issuance of order of release. In case the District Collector issued an order of release, the District Collector shall immediately transmit all the records to the Commissioner who shall automatically review within forty-eight (48) hours, or within twenty-four (24) hours in case of perishable goods. When no decision is made by the Commissioner within the prescribed period, the imported goods shall be deemed released.

The lifting of the alert order shall be issued by the District Collector only upon the affirmation of the decision of the District Collector by the Commissioner, or after the lapse of the period of review by the Commissioner, whichever is earlier.

SEC. 1118. *Sale of Perishable Goods During Forfeiture Proceedings.* – Upon motion of the importer of the perishable goods, the goods may be sold at a public auction during the pendency of the forfeiture proceedings. The proceeds of the auction shall be held in escrow until the final resolution of the proceedings.

SEC. 1119. *Service of Warrant of Seizure.* – The District Collector shall cause the service of warrant of seizure to the owner or importer of the goods or the authorized representative

thereof. The owner or importer shall be given an opportunity to be heard during the forfeiture proceedings.

For the purpose of serving the warrant, the importer, consignee, or person holding the bill of lading or airway bill shall be deemed the "owner" of the goods. For the same purpose, "authorized representative" shall include any agent of the owner and if the owner or the agent is unknown, any person having possession of the goods at the time of the seizure.

Service of warrant to an unknown owner shall be effected by posting the warrant for fifteen (15) days in a public place at the concerned district, and by electronic or printed publication.

SEC. 1120. *Description, Classification and Valuation of Seized Goods.* – The District Collector shall cause the preparation of a list and particular description, classification, and valuation of the goods seized and valuation of identical or similar goods.

SEC. 1121. *Proceedings in Case of Property Belonging to Unknown Parties.* – If, within fifteen (15) days after service of warrant, no owner or agent can be found or appears before the District Collector, the seized goods shall be forfeited *ipso facto* in favor of the government to be disposed of in accordance with this Act.

SEC. 1122. *Seizure of Vessel or Aircraft for Delinquency of Owner or Officer.* – When the owner, agent, master, pilot in command or other responsible officer of any vessel or aircraft becomes liable for any violation of this Act, the vessel or aircraft may be seized and be subjected to forfeiture proceedings for the settlement of any fine or penalty for which such person is liable. In determining whether or not to seize a vessel or aircraft, the Bureau shall take into account the amount of fine or penalty in relation to the commercial impact that ~~may~~ be caused to international trade by the seizure or detention as well as the value of the vessel or aircraft.

SEC. 1123. *Burden of Proof in Forfeiture Proceedings.* – In all proceedings for the forfeiture of any vehicle, vessel, aircraft, or goods under this Act, the burden of proof shall be borne by the claimant.

SEC. 1124. *Settlement of Pending Seizure Case by Payment of Fine or Redemption of Forfeited Goods.* – Subject to the approval of the Commissioner, the District Collector may allow the settlement by payment of fine or the redemption of forfeited goods, during the course of the forfeiture proceeding. However, the Commissioner may accept the settlement by redemption of any forfeiture case on appeal. No settlement by payment of fine shall be allowed when there is fraud or when the discrepancy in duties and taxes to be paid between what is determined and what is declared amounts to more than thirty percent (30%).

In case of settlement by payment of fine, the owner, importer, exporter, or consignee or agent shall offer to pay a fine equivalent to thirty percent (30%) of the landed cost of the seized goods. In case of settlement by redemption, the owner, importer, exporter, or consignee or agent shall offer to pay the redeemed value equivalent to one hundred percent (100%) of the landed cost.

Upon payment of the fine or payment of the redeemed value, the goods shall be released and all liabilities which may attach to the goods shall be discharged without prejudice to the filing of administrative or criminal case.

Settlement of any seizure case by payment of the fine or redemption of forfeited goods shall not be allowed when there is fraud, or where the importation is prohibited or the release of the goods is contrary to law.

SEC. 1125. *Decision in Forfeiture Cases.* – In forfeiture cases, the District Collector shall issue an order for hearing within fifteen (15) days, or five (5) days in case of perishable goods, from issuance of the warrant. The District Collector shall render a decision within thirty (30) days upon termination of the hearing, or within ten (10) days in case of perishable goods. The decision shall include a declaration of forfeiture, the imposition of a fine or such other action as may be proper.

CHAPTER 5

APPEAL IN PROTEST AND FORFEITURE CASES

SEC. 1126. *Appeal to the Commissioner.* – In forfeiture cases, the person aggrieved by the decision of a District Collector may, within fifteen (15) days or five (5) days in case of perishable goods, from receipt of the decision, file a written notice of appeal, together with the required appeal fee to the District Collector, furnishing a copy to the Commissioner. If dependable facilities for giving notice are not available before departure, the use of any radio equipment shall be appropriate as long as it will result in the giving of adequate and timely notice of the aircraft's approach, otherwise landing shall be made at a place equipped with navigational facilities. If, upon landing in any area, the government officers have not arrived, the pilot-in-command shall hold the aircraft and any baggage and goods thereon intact and keep the passengers and crew members in a segregated place until the inspecting officers arrive.

SEC. 1220. *Landing at International Airport of Entry.* — Except in case of emergency or forced landings, aircraft arriving in the Philippines from any foreign port or place shall make the first landing at an international airport of entry, unless permission to land elsewhere other than at an international airport of entry is first obtained from the Commissioner. Should an emergency or forced landing be made by an aircraft coming into the Philippines at a place outside the jurisdiction of the latter, the pilot-in-command shall not allow goods, baggage, passenger, or crew member to be removed or to depart from the landing place without permission of a customs officer, unless such removal or departure is necessary for purposes

of safety, communication with customs officers, or preservation of life, health, or property. As soon as practicable, the pilot-in-command, or a member of the crew-in-charge, or the owner of the aircraft, shall communicate with the customs officer at the intended place of first landing or at the nearest international airport or other customs port of entry in the area and make a full report of the circumstances of the flight and of the emergency or forced landing.

(b) The general declaration shall be written in English and duly signed by the pilot-in-command or operator of the aircraft, or the authorized agent. The section on health, and customs clearances, however, shall be signed only by the pilot-in-command or when necessary, by a crew member when the general declaration itself has been signed by a non-crew member. If the aircraft does not carry cargoes or passengers, such facts must be shown in the manifest.

(c) A cargo manifest shall in no case be changed or altered after entry of the aircraft, except by means of an amendment by the pilot-in-command or authorized agent thereof, under oath, and attached to the original manifest: *Provided*, That after the invoice and/or goods declaration covering an importation have been received and recorded in the office of the appraiser, no amendment shall be allowed except when it is obvious that a clerical error or any other discrepancy has been committed without any fraudulent intent in the preparation of the manifest, the discovery of which could not have been made until after complete examination of the importation.

SEC. 1223. *Manifests for the Commission on Audit (COA) and District Collector.* – Upon arrival of an aircraft from a foreign port, the Bureau shall provide electronic copies of the manifest to the Chairperson of the COA. in customs territory and/or in airports and seaports. The Bureau shall likewise ensure that any subsequent rules, regulations, orders or memoranda issued in relation to AEOs shall be consistent with the appropriate government agency's or regulator's prevailing operating procedures and international best practices.

Existing contracts of private operators with appropriate government agency or regulator, such as, but not limited to, the PPA, SBMA and PIA and their respective authorities and powers already granted by law pertinent to such contract, shall not be impaired or adversely affected with the Bureau's implementing rules and regulations on AEOs.

No surcharge shall be imposed when the discrepancy in duty is less than ten percent (10%), or when the declared tariff heading is rejected in a formal customs dispute settlement process involving difficult or highly technical question of tariff classification, or when the tariff classification declaration relied on an official government ruling.

There is undervaluation when: (a) the declared value fails to disclose in full the price actually paid or payable or any dutiable adjustment to the price actually paid or payable; or (b) when an incorrect valuation method is used or the valuation rules are not properly observed, resulting in a discrepancy in duty and tax to be paid between what is legally determined as the correct value against the declared value. When the undervaluation is established without the need to go through the formal dispute settlement process provided for in this Act, a surcharge shall be imposed equivalent to two hundred fifty percent (250%) of the duty and tax due. No surcharge shall be imposed when the discrepancy in duty is less than ten percent (10%), or the declared value is rejected as a result of an official ruling or decision under the customs dispute settlement process involving difficult or highly technical question relating to the application of customs valuation rules.

A discrepancy in duty and tax to be paid between what is legally determined and what is declared amounting to more than thirty percent (30%) shall constitute a *prima facie* evidence of fraud.

When the misdeclaration, misclassification or undervaluation is intentional or fraudulent, such as when a false or altered document is submitted or when false statements or information are knowingly made, a surcharge shall be imposed equivalent to five hundred percent (500%) of the duty and tax due and that the goods shall be subject to seizure regardless of the amount of the discrepancy without prejudice to the application of

(h) The penalty of *prision mayor* shall be imposed when the crime of serious physical injuries shall have been committed, and the penalty of *reclusion perpetua* shall be imposed when the

If the offender fails to pay the fine, subsidiary imprisonment shall be served.

When, upon trial for violation of this section, the defendant is shown to have had possession of the goods in question, possession shall be deemed sufficient evidence to authorize conviction unless the defendant shall explain the possession to the satisfaction of the court: *Provided*, That each act of unlawful importation or exportation shall be deemed as a separate offense: *Provided*, however, That payment of the tax due after apprehension shall not constitute a valid defense in any prosecution under this section: *Provided*, further, That outright smuggling shall also be punishable under this section: *Provided*, finally, That the rights and privileges provided in this Act for the importers, consignees, exporters, service providers, third parties and other third parties who committed this offense shall be revoked.

CHAPTER 3

TARIFF NOMENCLATURE AND RATE OF DUTY

SEC. 1610. *General Rules for the Interpretation (GRI).*
—The classification of goods and its tariff nomenclature as provided pursuant to this Act shall be governed by the following principles:

(1) The titles of sections, chapters and subchapters are provided for easy reference only. For legal purposes, classification shall be determined according to the terms of the headings and any relative section or chapter notes and, provided such headings or notes do not otherwise require, according to the following provisions:

(2)(a) Any reference in a heading to the goods shall be taken to include a reference to the same in their incomplete or unfinished form or state: *Provided*, That the incomplete or unfinished goods have the essential character, as presented, of the complete or finished goods. It shall also be taken to include a reference to the same, in their complete or finished form or state (or falling to be classified as complete or finished by virtue of this Rule), presented unassembled or disassembled.

(b) Any reference in a heading to a material or substance shall be taken to include a reference to mixtures or combinations of that material or substance with other materials or substances. Any reference to goods of a given material or substance shall be taken to include a reference to goods consisting wholly or partly of such material or substance. The classification of goods consisting of more than one material or substance shall be according to the principles of Rule 3.

(3) When by application of Rule 2(b) or for any other reason, goods are, *prima facie*, classifiable under two (2) or more headings, classification shall be effected as follows:

(a) The heading which provides the most specific description shall be preferred to headings providing a more general description. However, when two (2) or more headings each refer to part only of the materials or substances contained in mixed or composite goods or to part only of the items in a set put up for retail sale, those headings are to be regarded as equally specific in relation to those goods, even if one of them gives a more complete or precise description of the goods.

(b) Mixtures, composite goods consisting of different materials or made up of different components, and goods put up in sets for retail sale, which cannot be classified by reference to 3(a), shall be classified as if they consisted of their essential character, insofar as this criterion is applicable.

(c) When goods cannot be classified by reference to 3(a) or 3(b), they shall be classified under the heading which occurs last in numerical order among those which equally merit consideration;

(4) Goods which cannot be classified in accordance with the above Rules shall be classified under the heading appropriate to the goods to which they are most akin.

(5) In addition to the foregoing provisions, the following Rules shall apply with respect to the goods referred to therein:

(a) Camera cases, musical instrument cases, gun cases, drawing instrument cases, necklace cases and similar containers, specially shaped or fitted to contain specific goods or set of goods, suitable for long-term use and presented with the goods for which they are intended, shall be classified with such goods when of a kind normally sold therewith. The Rule does not, however, apply to containers which give the whole its essential character; and

(b) Subject to the provisions of Rule 5(a), packing materials and packing containers presented with the goods therein shall be classified with the goods if they are of a kind normally used for packing such goods. However, this provision does not apply when such packing materials or packing containers are clearly suitable for repetitive use.

(6) For legal purposes, the classification of goods in the subheadings of a heading shall be determined according to the terms of those subheadings and any related subheading notes and, *mutatis mutandis*, to the above Rules, on the understanding that only subheadings at the same level are comparable. For the purposes of the Rule, the relative section and Chapter Notes also apply, unless the context otherwise requires.

SEC. 1611. *Tariff Nomenclature and Rates of Import Duty.*

— The provisions of Section 104 on Rates of Import Duty of Presidential Decree No. 1464, otherwise known as the Tariff and Customs Code of the Philippines of 1978, as amended, specifically providing for the tariff sections, chapters, headings and subheadings and the rates of import duty, shall still apply and shall supplement this Act. There shall be levied, collected and paid upon all imported goods the rates of duty indicated thereon except as otherwise specifically provided for in this Act: *Provided*, That the maximum rate shall not exceed one hundred percent (100%) *ad valorem*.

The rates of duty provided or subsequently fixed pursuant to Sections 1608 and 1609 of this Act shall be subject to periodic investigation by the Tariff Commission and may be revised by the President, upon the recommendation of the NEDA.

It shall also apply to all products, whether imported directly or indirectly, of all foreign countries, which do not discriminate against Philippine export products. An additional one hundred percent (100%) across-the-board duty shall be levied on the products of any foreign country which discriminates against Philippine export products.
